Public Remarks

Set back from the road behind tall trees, it's easy to miss this well kept 1 story home. Built by Eric Efthimiou Construction, these original owners have taken excellent care of this mountain home. The generous great room features pine vaulted ceilings, a corner river rock hearth and opens to the large back deck. Entertaining this summer will be a joy on the private deck with quiet, forest views. The master suite also opens to the rear deck.
